

# Contact For Price

## Product specification

Contact For Price is a Magento 2 extension developed by PIT solutions which supports e-commerce shop owners to manage the product price and Add To Cart button visibility. It pushes customers to contact the store as well as hide product price effectively.

## Features

- Hide price and Add To Cart button for individual products.
- Hide price and Add To Cart button for products in a category.
- Replace product price with 'Request For Price' or 'Call For Price' button.
- Easy to manage price visibility.
- Can customize 'Request For Price' button label.
- Pop-up price request form for customers.
- Enable/ Disable the extension.
- Directly communicate with store via email or telephone.
- Access control for admin users.

## Screenshots / Video

### Configuration:

From the admin backend, go to Stores > PITS Configuration > Contact For Price

The screenshot shows the Magento 2.3.0 Configuration page. The left sidebar contains a menu with icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main content area is titled 'Configuration' and shows the 'Store View: Default Config' dropdown. The 'PITS CONFIGURATION' section is expanded, and the 'Contact For Price' option is selected. The 'General Settings' section is visible, showing the following configuration options:

- Enable** (store view): Yes. Enable/Disable Contact For Price Module.
- Show Contact Button** (store view): Yes. Display 'Request for price' button in front-end which will enable customers to contact admin for price. If set as 'No' Contact For Price, Product Price and Add To Cart button will not be displayed.
- Enable Call For Price** (store view): No. If enabled will display 'Call for price' button instead of 'Request for price'. Customer will be able to contact the shop by using the configured telephone number.
- Custom Button Label** (store view): Customize Contact For Price button label.
- Contact Email Address** (store view): test@gmail.com. Customer request for price will be sent to this address.

The footer of the page displays the Magento logo, copyright information (Copyright © 2020 Magento Commerce Inc. All rights reserved.), and the version (Magento ver. 2.3.0) with a link to [Report an Issue](#).

1. Enable the module. Select **Yes** in the Enable dropdown option.
2. Keep **Show Contact Button** option as **No** if you don't want to show **Request for price** button for the product.
3. Select **Show Contact Button** option as **Yes** if you want to hide price and Add to Cart button of product and display **Request for price** button in place of product price in the frontend. Clicking this button will open a pop-up where customer can submit request for a specific products price.
4. Select **Enable Call for Price** option as **Yes** if you want to enable customers with option to call shop directly via telephone. If the option is enabled '**Call for price**' button will be displayed instead of '**Request for price**' button. On clicking the button telephone application will be opened in the customer's device with Admin's telephone number in it. You can specify the telephone number in the **Telephone Number** field.
6. You can change the **Request for price/Call for price** button label by entering new label in the **Custom Button Label** field.

7. Please enter the email address in the field **Contact Email Address** to where you want to get the request from customers for price.
8. Click **Save Config** and clear the cache. That's it.

To hide price and Add to Cart for a specific product set **Hide Product Price** to **Yes** by editing the product.

The sporty Joust Duffie Bag can't be beat - not in the gym, not on the luggage carousel, not anywhere. Big enough to haul a basketball or soccer ball and some sneakers with plenty

To hide price and Add to Cart for products in a specific category set **Hide Product Price** to **Yes** by editing the category.

Email will be as below:

## Request For Price Submission

**Name:** Customer Name  
**Email:** [customer\\_email@gmail.com](mailto:customer_email@gmail.com)  
**SKU:** Simple  
**Telephone:**  
**Description:**

Please share the best offer for the product.

[About Us](#)  
[Customer Service](#)

## Note:

In case of Bundle products, "Hide Product Price" option should be enabled for parent products.

The email template depends on the theme being used in the shop and can be changed from backend by the admin user.

Please make sure to clear cache from backend **System->Cache Management** after making changes in backend configurations

Need to set the default magento cron for the shop which uses the module. Otherwise mails will not receive.

## Manage User Role

Step 1 : Go to Admin > System > User Roles

The screenshot shows the Magento Admin interface. On the left, the 'System' menu is open, and 'User Roles' is highlighted with a red box. The main content area shows the 'User Roles' page with a 'Reload Data' button and a 'Go to Advanced Reporting' button. Below these, there is a table with columns for 'Revenue', 'Tax', 'Shipping', and 'Quantity'. The 'Revenue' column shows '\$0.00', 'Tax' shows '\$0.00', 'Shipping' shows '\$0.00', and 'Quantity' shows '0'. There are also tabs for 'Most Viewed Products', 'New Customers', and 'Customers'. The footer shows 'Copyright © 2020 Magento Commerce Inc. All rights reserved.' and 'Magento ver. 2.3.2 Report an Issue'.

Step 2 : Add a new role resource

Fill in the role information section.

## New Role
